

## Dirt Dessert

### Materials:

1 oz. Clear plastic cups  
Oreos  
Vanilla wafers  
wafer cookies  
Gummy worms or Twizzlers (pull-n-peel)  
Different colored pixie stix

### Directons:

1. Blend the Oreos in a blender or food processor until it looks like topsoil.
2. Blend vanilla wafers in a blender or food processor until it looks like sand.
3. Break the wafer cookies so that they look like little pieces of wood.
4. Tear gummy worms or twizzlers so they can fit in the small cup.
5. Empty all of the pixy stix into a container and mix them up to look like mold.
6. Put the containers in the following order:  
Vanilla wafers, Oreos, gummy worms or twizzler, wafer cookies, and pixy stix.
7. Label each container
  - a. Sand or clay- Vanilla wafers
  - b. Top soil- Oreos
  - c. Worm- Gummy worms or twizzlers
  - d. Wood- wafers
  - e. Mold- Pixie Stix
8. Put 1 teaspoon of sand in the cup.
9. Put 1 teasppon of topsoil on top of the sand in the cup.
10. Place a worm on top of the topsoil.
11. Put a piece of wood over the worm.
12. Sprinkle a little mold on top of the wood.
13. Enjoy!
