

## Leaf Rubbings

### Materials Needed:

Paper  
Crayons  
Leaves  
Bark

1. Peel the paper off of old crayons.
2. Find some leaves on the forest floor.
3. Put the paper on top of the leaves (vein side up) and rub the side of the crayon on the paper until the leaf image is complete.
4. Hold the paper against the bark on the tree and rub the crayon over the paper to get an image of the bark.
